

SPORTS FUNDING 2021-2022

Overview of PE at AO, and the positive impact that the sports funding is having.

In recent years, PE at Ashford Oaks has raised its profile both within school and when attending Sporting Events. There has been a push in emphasis within assemblies and on the display boards sharing the achievements within our school; including achievements of children outside of school.

Teachers work closely with the sports coach (Tom Scorer) to provide engaging PE lessons that show clear differentiation over the course of the topic, to suit every child's needs. Children are exposed to a wider range of activities throughout the year and are beginning to have more of a say on the types of activities that they would like to cover. Generally teachers feel confident in teaching PE lessons and support is given to them to help where necessary. Children have the opportunity to take part in a wide range of activities including swimming, boxing, tri-golf Trampolining and archery.

Clubs are popular with a range of children and each term children have to re-register for different clubs to allow a range of children to take part. Parental support with children taking part in competitions is very good and transport is provided to those who are unable to get to the relevant places to take part in competitions. Mindfulness still continues to be a huge part of a weekly routine and therefore will be continuing this year. Mindfulness is a session that happens weekly where children learn and understand the importance of mindfulness and how they can use this in a range of different situations.

2021-2022 Sports Funding

Total Allocation: £19,490

Last Updated: 11/8/21
