

Squirrels Den News!

News from the woodland

Last term 2023

The school have voted and the new name for the woodland area will be Squirrels Den. Please check out the small video on the Forest school page to see a before, during and after clip.

Children News

Reception classes have been out enjoying the Squirrels den and all it has to offer. Swinging in the hammock, looking for bugs and making concoctions in the mud kitchen.

Smaller groups from KS2 have had fun exploring and learning new skills at Squirrels den.

The Parent and toddler group has enjoyed and embraced the outdoors last term also.

This term 2024

We will continue sessions in all weather so if your child is having sessions it would be helpful if they have a change of clothes and some wellington boots just incase they need to change from having too much fun and getting messy.

Donations

From time to time we might put up or send out information of items that we would like to be donated to the woodland site to help the children. Please keep an eye out on here for more information. Thank you :)

Keep an eye on the school website area Squirrels Den for more news
